

## Revised Circumstance Report – Oscar Holmes HOL17534349

As we move online this term, our aim is to be as mindful of the challenges you face so that we can help you to engage with the course and continue creating work. We recognise that for many this shift will be different for all of you: for some it will be relatively straightforward, but for others this will require compromise and involve significant limitations, so we now need to re-assess each student’s particular working conditions.

This survey was created by Fine Art staff to help your tutors get an idea of what resources you have in terms of digital access, art-making materials, time and space.

Forms should be uploaded to **Moodle** in the relevant course/year page by early April.

For Oscar Holmes: HOL17534349

<b>• Technology – please tick box to right</b>	<b>Yes</b>	<b>No</b>
A computer that is relatively fast and is in good working order	Yes	
Access to relatively fast internet	Yes	
A working UK mobile or phone with international dialling	Yes	
Scanner	No	
Printer	No	
Camera	No	
Other digital equipment – please list below:	I had access to an old pc that is still at my studio	
Are you comfortable using digital tech?	I am relatively affluent with a few packages.	
The entire Adobe Suite of suite of apps is free to students until 31 May – would you use it ?	I have access to it already	
Do you have use of non-digital tools or specialist equipment?– please list below:	No	
Please add any other tech challenges or things you might need support with	Ideally a scanner would be useful but I understand that is a big thing to ask for.	

<b>• Please risk assess your work space. How will you adapt your use of materials and processes</b>
---

**to ensure they are safe within a domestic environment? Please outline below. [CCW Risk Assessment](#) guidance would be helpful.**

There are things that i will not be able to do - they will such as working on the floor, hanging works to observe them, i will have a very small garage space to work in however

• <b>Space for Living and Making</b>	<b>Yes</b>	<b>No</b>
Do you have a place you can make and document work?	Yes	
Do you have wall space use?	No	
Do you have materials at home to make work?	Yes	
Please describe your making space (e.g. is it a dedicated studio/garage/ bedroom/garden)	I live in a flat by Wimbledon village (to be close to uni) with carpeted floors and walls which I wouldn't be able to work on - but I do have access to a small garage :)	
Please list other changes/challenges to your living or making below	I am genuinely so upset I won't be able to have access to the bin area of UAL Wimbledon during this time as my work is primarily recycled – I will also have to downsize my work at a time when I was getting just confident enough to do big large scale works.
